

# Drivers! Conductores!

**YOU HAVE VIOLATED VEHICLE & TRAFFIC LAW AND  
YOU HAVE ENDANGERED  
A CYCLIST'S LIFE**

- BLOCKING A BIKE LANE** – Driving, standing or parking in a bicycle lane is not only against the law – it is dangerous! Blocking the bicycle lane forces cyclists to swerve into moving traffic
- TURNING WITHOUT LOOKING OR SIGNALING** – Cyclists traveling straight are endangered by cars turning without warning. Before you turn, always signal! Check your mirrors to ensure that no cyclist is riding along side you.
- SPEEDING** – Drivers that speed pose a special risk to cyclists and pedestrians. By rushing to get somewhere, you risk severely hurting or killing someone. Please slow down!
- OPENING A VEHICLE DOOR WITHOUT LOOKING** – If you don't look first, you may open your door right into the path of a cyclist. Please look first, it could save a biker's life.
- DOUBLE PARKING** – When you double park, you force cyclists to ride in the middle of the road where cars aren't expecting them.

**THIS IS A FAKE SUMMONS** You have been given this summons as part of a City of Annapolis campaign to increase awareness among drivers about dangerous conditions cyclists face on the road.

The City of Annapolis is making safety a priority for all road users
