

Your route in and out of the city has been carefully determined to avoid as much as possible driving along residential streets which are further narrowed by parking on one or both sides.

KEY TO ROUTES

Loading zones are designated at two key locations as shown on the map. Motor coaches may use either or both locations for disembarking passengers. Those getting off at the Stadium grounds may ride the free shuttle services into West Annapolis and to Downtown. Public Transit maps are posted to guide visitors in the use of these services.

When departing the City Dock Loading Zone, bus operators must make a left turn on Randall St., proceed counter-clockwise around Memorial Circle, re-enter Randall St. and continue along the outbound route. It is not possible for a bus to make a safe right turn on Randall St.

Operators are required to move their motorcoaches from the city streets within ten minutes of offloading. Park your vehicle at the USNA Stadium and shut off the motor until you depart.

Your bus operators are cautioned to obey posted speed limits as both pedestrians and private vehicles are in great numbers during the busy tourist season. The Annapolis City Police will issue citations for moving violations as well as parking in non-designated spaces.
