## Crime Prevention

Prevent thefts from your vehicle. With these common sense habits and preventative measures, you can greatly reduce the chances your vehicle will become a target. Lock you doors, stow items out of sight, completely close windows and sunroofs, and park in busy well-lit areas.

Help your neighborhood prevent crime at night by leaving on outside lights that illuminate sidewalks and other walkways. Consider motion activated lights that will turn on when people need them and also alert you that someone is outside your home. Lights can aid in detecting and be a factor in preventing both property and violent crimes.
