Capital Projects

Pump Station Replacement/Rehabilitation

Whiton Court PS Wetwell Rehab – Initiating review of options for project implementation.

Sewer Rehabilitation and Water Distribution

Sewer Cured-in-Place Pipe (CIPP) Rehabilitation (72006) – Contractor continues closed circuit televising (CCTV) and CIPP lining work in several locations throughout the City, including at the Naval Academy. Construction continues on the Shiley Street sewer main replacement project. Activities included the installation of three manholes and approximately 350 feet of pipe. USNA Flowmeter (72006) – Consultant is designing a new flume for USNA sewage flow measurement. Communication with Navy public works staff continues on the schedule and details of the construction. Due to traffic impacts of other USNA construction projects and the flume replacement, the consultant is considering the addition of a manhole to accommodate bypass pumping operations. Buried Asset Evaluation (72006 & 71003) – GIS updates, including significant private water and sewer pipes, are nearly complete to allow completion of the comprehensive data update to iWorQ and Models. The final GHD Comprehensive Assessment Plan and 10-yr plan will be due after the update is complete. The final as-built lookup rollout and second draft software review report are under review. Water Meter Purchases (71003) – Comprehensive radio-read meter purchase and installation continues. Review of large meter replacement is also ongoing. The meters for a retirement community were rehabilitated, and initial data collected indicates improved meter efficiency. Additional large meter rehabs or replacements are expected to continue after Utilities completes the hydrant inspections. Chesapeake Avenue Water Main Replacement (71003) – Construction continues. Activities completed include bypass, installation of all thrust collars and fitting/caps, and replacement of the water main from First to Second Street.
Water Tank Rehabilitation

Bidding and construction of the Jefferson Tank rehabilitation project is on hold until capital funding is available in FY18.

New Water Treatment Plant (WTP)

WTP Design/Build (D/B) – Demonstration of the operation of the main water production process of the new facility is essentially complete, and the City is operating the completed facilities. Additional construction work continues, including interior work for the Control/Administrative/Maintenance Building, demolition of the old pretreatment basins and preparation for installation of wash water tank/facilities.

City Dock Bulkhead Replacement, Phase 2

Stormwater management (SWM) design and construction remains to be completed. Coordinating with proposed repairs to the Truxtun Park tennis courts adjacent to the proposed stormwater management (SWM) site. (Ongoing) Development of 110 Compromise is ongoing. Awaiting construction of electrical room to house City Dock electrical panels currently located in the Donner parking lot. Preparing RFP for replacement of boardwalk timbers from Phase 1 Bulkhead Replacement. Coordinating with previous design engineer and contractor.

Landfill Gas Mitigation

DPW continues to negotiate with MDE on the Draft Agreement so that a clear course of action can be determined for site mitigation. Sampling work continues for semi-annual monitoring events.

Stormwater Management – City Dock Tidal Flood Mitigation

The final FEMA grant application, including over 600 pages of back-up documentation, was completed and submitted. The $3.5M grant will be used for the construction of the flood mitigation project. AECOM submitted a Stormwater Flood Mitigation Concept Design Report on May 2. The report included Concept Design Plans and Cost Estimate with operation and maintenance life cycle costs. The concept includes removal of most existing outfall pipes and re-routing most of the existing stormwater system around City Dock to two pump stations. The remaining storm drain system will be made watertight for all portions below Elevation 5.0 and the remaining outfall pipes along with the new outfall pipes from the pump stations will have backflow preventers incorporated. AECOM presented the Concept Design to the Ward One Residents Association on May 30. The City presented the Concept Design to the Severn River Commission on June 1. A Community Outreach meeting with the business owners will be scheduled later in June.
City Hall Projects Heating, Ventilation and Air Conditioning (HVAC) Replacement and Generator Installation

The City Hall underground storage tank (UST) was formally closed on March 24. Waiting for closing documentation from MDE. Waiting for new electric panels to be delivered and scheduled for a weekend outage for replacement.

Maintenance Facilities

The Demo Grading Permit will be resubmitted in early June for the Soil Conservation District approval. Grading Permit is under review. The Building Permit drawings are due for submission on June 29. Currently evaluating relocating materials at Spa Road to another location and moving staff, SCADA and fuel controls across the street to 932 Spa Road. The start of demolition of the existing facilities is scheduled in late July.

Road Resurfacing

Work in Hunt Meadows begun on Hunt Meadows Drive, Pytchley Run Road, and Canterfield Road.

Main Street Reconstruction

Preliminary design has been completed. The construction is being planned to start in January 2018 with the installation of sprinkler connections, with the road work beginning in April 2018 and completion at the end of September 2018. An inventory of buildings with sprinkler system connections indicates that approximately 50 buildings do not have sprinkler connections. The estimated cost to install connections for these locations as part of the Main Street project is in excess of $1,000,000. HPC public hearing and approval in September 2017.

Cornhill Street Sidewalks

HPC approved the application. Funding from the sale of the former City recreation building is now available. Final construction drawings are underway and granite curb has been ordered. Work is expected to begin after the 4th of July; however, is dependent of arrival of the granite curb.

Wayfinding Sign Program

All re-fabricated signs have been delivered. The Traffic Control and Maintenance crew is installing.

Truxtun Park Ballfield Grading

Final grading plans and permit received from AACO Soil Conservation District (SCD). Invitation for Bids (IFB) is being prepared for letting the project, with the goal to begin construction in early Fall 2017.

Referrals to State Board of Elections – Candidate Questions RE:

2- Definition of a “transfer” as does the State; i.e., funds from another campaign treasurer. Those funds could be from another candidate or a political action committee. Is this correct? The State, however, does not include Federal PACs in this category, they are included in the contribution category. Does the City have the same exclusion?

How does the City treat funds received from a campaign treasurer not regulated by the City; e.g., a campaign treasurer for a member of the State legislature? Are those funds to be reported on Schedule 1 or Schedule 2?

I have the same question for funds received from a State regulated political action committee. Schedule 1 or Schedule 2?

CAMPAIGN FUND REPORT - City of Annapolis Analysis of Campaign Fund Reports – 052217

Received – June 6, 2017 Amended Report:

Analysis of Campaign Fund Reports

To the City of Annapolis:

We have performed the procedures enumerated below, which were agreed to by the City of Annapolis, solely to assist you in evaluating the compliance with city law of the Campaign Finance Reports filed by candidates. This agreed-upon procedure engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. The sufficiency of these procedures is solely the responsibility of those parties specified in this report. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose.

The agreed-upon procedures are as follows:

1. The period of the report is in accordance with City regulations.
2. The report was filed timely.
3. The beginning balance agrees to the ending balance of the previously filed report.
The Report is mathematically correct.
The amounts in the Summary of Receipts and Disbursements agree to:
Schedule 1
Schedule 2
Schedule 3
Schedule 4
Schedule 5
Report is signed by all appropriate persons.
The detail of Schedule 1 lists all contributors and required information (name, address and coding of receipt).
The individual amounts in Schedule 1 do not exceed City regulations.
The dates of the receipts are within the reporting period.
Loans and transfers activity is properly completed in accordance with City regulations.
Loans and transfers are within the reporting period.
The detail of Schedule 3 lists all disbursements.
Schedule 3 includes all required information (name, address and coding of disbursement) for disbursements in accordance with City regulations.
The dates of the disbursements are within the reporting period.
The amounts on Schedule 4 are completely detailed in accordance with City regulations.
The outstanding obligations at period end reconcile with the period’s activity.
Schedule 5 details all in-kind contributions and includes all required information in accordance with City regulations.
The date of the in-kind contributions is within the reporting period.

FINDINGS

The following findings, detailed by Candidate, were noted based upon the procedures enumerated above:

Friends of Jared Littmann (final report July 1, 2016 to March 12, 2017)
There were no exceptions to the report.

Furth for Alderman (final report July 1, 2016 to March 11, 2017)
There were no exceptions to the report.

Friends of Fred Paone (amended report for cycle ending June 26, 2016)
There were no exceptions to the report.

From our examination of the Campaign Fund Reports, we did not note any other matters of noncompliance with city law or matters we believe warrant further investigation or require additional documentation from candidates.

We were not engaged to, and did not, conduct an audit or review the objectives of which would be the expression of an opinion or limited assurance on the Campaign Fund Reports compliance with City regulations. Accordingly, we do not express such an opinion or limited assurance. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

This report is intended solely for the information and use of the City of Annapolis and is not intended to be and should not be used by anyone other than these specified parties.

ID-198-17  CITY OF ANNAPOLIS PROPOSED REAL PROPERTY TAX INCREASE.
The City Council of the City of Annapolis proposes to increase real property taxes.

1. For the tax year beginning July 1, 2017, the estimated real property assessable base will increase by 3.5% from $6,258,107,061 to $6,478,005,607.
2. If the City of Annapolis maintains the current tax rate of $0.649 per $100 of assessment, real property tax revenues will increase by 3.5%, resulting in $1,427,141 of new real property tax revenues.
3. In order to fully offset the effect of increasing assessments, the real property tax rate should be reduced to $0.627, the constant yield tax rate.
The City is considering not reducing its real property tax rate enough to fully offset increasing assessments. The City proposes to adopt a real property tax rate of $0.644 per $100 of assessment. This tax rate is 2.7% higher than the constant yield tax rate and will generate $1,103,241 in additional property tax revenues.

Community Development

Monthly News/New Projects

Community Development Block Grant

- Still waiting for the city’s CDBG allocation from HUD. Staff has completed the Action Plan and initiated the public comment period which runs from May 5 through June 5. The HCDC held a public hearing on the Action Plan at its May meeting.

- Continued participation in the Regional Fair Housing group meetings regarding the Fair Housing Assessment required for all CDBG recipients in FY 2019. This group meets monthly to work on Fair
Housing issues in the Baltimore region which includes Baltimore, Baltimore County, Howard County, Anne Arundel County, City of Annapolis and Harford County.

- Received comments from MHT MDE, and DNR which completes the HUD Part 58 environmental review process for CDBG projects for FY 2018. The city is now allowed to expend its CDBG funds once they are allocated and the program year begins on July 1, 2017.

- Completed revision of CDBG Citizen Participation Plan (CPP). HUD required the revision because of the new Fair Housing Assessment requirement. The CPP was submitted to the HCDC for review. The CPP will go to the HCDC in June for approval and then on to the City Council for adoption.

- Received the city’s new fair housing brochures from the printer. There is an English version and a Spanish version. Staff has disseminated the new brochures to various organizations, city offices and commissions.

Homeless

- Attended the monthly Partnership to End Homelessness meeting. Discussion still centers on implementing a coordinated assessment which HUD will require to be in place by January 2018 for both Emergency Solution Grant (ESG) and Continuum of Care funding which amounts to over $2M for homeless programs in the city and county.

MPDU Program

- Worked with Alderman Budge on the final edits for amendments to MPDU legislation he will submit in June. The amendments will help clarify several issues which have been problematic such as the calculation of the fee in lieu of providing MPDUs and which projects are allowed a density bonus.

- Assisted several MPDU applicants. The last MPDU which is in Boucher Place is under contract. Once that is sold there will be no MPDUs for sale until construction begins on projects that are not exempt.

HACA

- Met with new Executive Director to discuss the new environmental review process for public housing authorities which city staff completes for HACA. Also provided information on affordable housing development resources and organizations in the area and discussed the city’s CDBG resources and Annual Action Plan

Towne Courts

- Completed legislation and a draft PILOT agreement for PIRHL Developers, LLC (PIRHL) which has received Low Income Housing Tax Credit funding from MD Department of Housing and Community Development to build forty-two affordable (42) stacked townhomes in three (3) buildings in Annapolis, MD, located at 2010 West Street. The PILOT will make the project affordable to low and moderate income families.
