### UPDATE – September 14, 2016

After an initial period of investigation detectives are releasing more details about the armed robbery that occurred in the unit block of Chester Avenue in the hopes of finding witnesses that may have seen something around the time of the crime.

The adult female victim reported that when she exited her home in the morning hours of Saturday, September 10, she discovered a black Trek bicycle with silver, red, and grey markings outside her home. She moved the bicycle to her unlocked screened porch and then left in her vehicle.

The victim returned to her home at approximately 7 a.m. At approximately 9:45 a.m. she was confronted by the above described suspect. She is unsure if he had just entered the home or if he had been inside for some time. She is unsure if her home was secure while she was away and after she returned. There were no signs of forced entry to the home.

The bicycle found by the victim and placed in her porch was taken by the suspect and it is likely that he had been in possession of the bicycle before the victim initially found it. Officers found the bicycle the evening of September 10.

Two unlocked vehicles were entered in the unit block of Horn Point Court overnight from Friday, September 9, into Saturday, September 10 and it is likely that the same suspect is responsible for these crimes. These crimes were not reported until September 12.

Detectives would like to hear from residents in the area with surveillance cameras that may have captured activity the night of September 9 and the morning of September 10. Please call our detectives at 410-260-3439 if your home has external surveillance cameras.
