Overpayment Scams

Did someone send you a check for too much money? Don't fall for the overpayment scam. How does it work? Someone responds to your posting or ad, and offers to use a cashier's check, personal check or corporate check to pay for the item you're selling. The so-called buyer (or the buyer's "agent") comes up with a reason to write the check for more than the purchase price, and asks you to wire or get prepaid cards for the difference. The checks are counterfeit, but very often, good enough to fool bank tellers. Acting in good faith, you deposit the check and wire the funds back to the "buyers." Oops: the check bounces. You are liable for the amount you wired. For information on this and other scams visit the Federal Trade Commission's website at consumer.ftc.gov.
