

Daily Report 04/29/14

In the last 24 hours Annapolis Police officers responded to 92 calls for service and arrested 9 people.

Good News – The Annapolis Police Department, in partnership with the DEA, collected over 80 pounds of unwanted medication during the National Take-Back Initiative that was held on Saturday, April 26. By properly disposing of unwanted controlled substances we can restrict their potential for abuse. If you missed the turn-in on Saturday, Anne Arundel County Police Department has permanently installed medication drop boxes located at each of their four district stations.

Stolen Vehicle – 201400002107 – Northwest St near Calvert St – 04/24 at 5pm to 04/28 at 7:40am: A white 2006 Ford Econoline Van, MD reg. LG75387, was stolen from a parking lot. The van has Anne Arundel County signs affixed to both front doors.

Bicycle Theft Prevention

With the weather getting warmer, bicycle theft is on the rise. We had six reported bicycle thefts in April, so far. To avoid becoming a victim of bike theft, every cyclist should have a sturdy bicycle lock as standard equipment, and choose lit, well-frequented places to leave your bike. Protect it every time and everywhere. Not only lock your bicycle, but lock it to something at least as secure as the lock itself.

April is National Distracted Driving Awareness Month

The Annapolis Police Department Traffic Unit will be conducting special enforcement details throughout the month looking for drivers violating the Maryland handheld device laws. Remember that when a vehicle is in motion the driver may not use their hands to use a handheld telephone, other than to initiate or terminate a wireless phone call or to turn the handset on or off. Using a hands-free device, while driving, is not a violation of the law, but both ears may not be covered by ear plugs, headset, or earphones. Drivers under the age of 18 are not allowed to use handheld cell phones regardless of whether a hands-free device is used. While there are other ways drivers can be distracted while driving, cell phone use combines visual, cognitive, and manual distractions. The Maryland Highway Safety Office reported that for the five years ending in 2011 an average of 47% of traffic fatalities and 65% of traffic injuries in Maryland were from accidents caused by distracted driving.

If Your Tip to the Hotline Leads to an Arrest and Indictment of the Individuals that Committed the Above Crimes, You may be Eligible for a Cash Reward of Up to \$2,000!!!
