Executive Summary

AP-05 Executive Summary - 24 CFR 91.200(c), 91.220(b)

1. Introduction

The City of Annapolis, Maryland is an entitlement community under the U.S. Department of Housing and Urban Development's (HUD's) Community Development Block Grant (CDBG) Program. In compliance with HUD regulations, the City of Annapolis has prepared this Federal Fiscal Year (FFY) 2019 Annual Action Plan (AAP) for the period of July 1, 2019 through June 30, 2020. This plan is a strategic plan for implementing the City's CDBG Program for housing, community, and economic development activities outlined in the City's Five Year Consolidated Plan. The Community Development Division of the Planning and Zoning Department administers the city's CDBG program.

The Five Year Consolidated Plan establishes the City's goals and outlines the specific initiatives the City will undertake to address its needs and objectives by promoting: the rehabilitation and construction of affordable, decent, safe, accessible, and sound housing; homeownership, homeless prevention, rapid rehousing, operations and support services; creating a suitable living environment; public and community facility improvements; infrastructure; public safety; revitalization; promoting fair housing; improving public services; expanding economic opportunities; and principally benefitting low- and moderate-income persons. These goals form the basis of this AAP, which allocates the city's FFY 2019 resources to address the needs of the city's low and moderate-income residents. This is the final AAP included in the City's Five Year Consolidated Plan.

This Five Year Consolidated Plan was written as a collaborative effort of the City of Annapolis, Anne Arundel County, the community at large, social service agencies, housing providers, community development agencies, and economic development groups. The planning process was accomplished through a series of public meetings, stakeholder interviews, resident surveys, statistical data, and review of the City's Comprehensive Plan and other community plans. The city expects to allocate approximately \$447,716 in CDBG entitlement, program income and funds available from the previous year. The City is not an entitlement jurisdiction for Emergency Solutions, HOME, or Housing for People with Aids (HOPWA) grant funds.

2. Summary of the objectives and outcomes identified in the Plan

The following six (6) priorities and subsequent goals/strategies were identified for the City of Annapolis for the period of FFY 2019 for the CDBG. These priorities are based on a needs assessment, market analysis, and information gained through the public participation process.

A. HOUSING PRIORITY – (High Priority)

Increase the amount of decent, safe, sound, and accessible housing for homeowners, renters, and homebuyers that is affordable to low- and moderate-income persons and families by improving the quality of the existing housing stock and increasing the supply of affordable housing.

Goals	Strategies
HS-1 Housing Rehabilitation	Continue to provide financial assistance to low- and moderate-income homeowners to rehabilitate their existing owner-occupied housing.
HS-2 Rental Rehabilitation	Provide support to affordable housing developers/owners to rehabilitate housing units that are rented to low- and moderate-income tenants.
HS-3 Housing Construction	Increase the supply of decent, safe, sound, and accessible housing that is affordable to owners and renters in the community through rehabilitation of vacant buildings and new construction.
HS-5 Home Ownership	Assist low- and moderate-income households to become homeowners by providing down payment assistance, closing cost assistance, and requiring housing counseling training.
HS-6 Public Housing	Support the local public housing authority in its efforts to improve and maintain the existing public housing communities, and promote homeownership programs using Section 8 Vouchers for home purchase.

B. HOMELESS PRIORITY – (High Priority)

Provide housing and support services for homeless persons, and persons who are at-risk of becoming homeless.

Goals	Strategies
HO-1 Support the Continuum of Care (CoC)	Support the local CoC's efforts to provide emergency shelter, transitional housing, and permanent supportive housing to persons and families who are homeless or who are at risk of becoming homeless.
HO-2 Homeless Operation/Support	Assist providers in the operation of housing and support services for the homeless and persons at-risk of becoming homeless.
HO-3 Prevention and Housing	Continue to support the prevention of homelessness and programs for Rapid Re-Housing.
HO-4 Permanent Housing	Support the development of permanent supportive housing for homeless individuals and families.

C. OTHER SPECIAL NEEDS PRIORITY - (High Priority)

Provide affordable housing, services, and facilities for persons with special needs and the disabled.

Goals	Strategies
SN-1 Housing	Increase the supply of affordable, decent, safe, sound, and accessible housing for the elderly, persons with disabilities, and persons with other special needs through rehabilitation of existing buildings and new construction.
SN-2 Accessibility	Improve the accessibility of renter occupied housing by making reasonable

	accommodations for the physically disabled.
--	---

D. COMMUNITY DEVELOPMENT PRIORITY – (High Priority)

Improve the public and community facilities, infrastructure, public services, and the quality of life for all residents in the community.

Goals	Strategies
CD-1 Community Facilities	Support improvement or construction of public facilities serving low and moderate-income neighborhoods.
CD-2 Public Services	Support Vital Public Services concerned with assisting children and youth, providing persons with office skills training and job training, providing persons with information and referral and other services that promote family stability and self-sufficiency.

E. ECONOMIC DEVELOPMENT PRIORITY – (High Priority)

Increase employment and economic empowerment of low and moderate-income residents in the community.

Goals	Strategies
ED-1 Employment	Support job creation and economic development by assisting microenterprises.

F. ADMINISTRATION, PLANNING, AND MANAGEMENT PRIORITY – (High Priority)

Implement planning, administration, management, oversight of federal, state, and locally funded programs, and promoting fair housing.

Goals	Strategies
AM-1 Overall Coordination	Provide program management and oversight for the successful administration of Federal, state, and local funded programs, including planning services for special studies, environmental clearance, fair housing, and compliance with all Federal, state, and local laws and regulations.

3. Evaluation of Past Performance

According to HUD’s End-of the Year Review letter, dated December 12, 2018, the City administered its CDBG program funding for Program Year (PY) 2017 in a timely manner, in a manner consistent with the Consolidated Plan and AAP, and in substantial compliance with program requirements. The City does not have any outstanding A-133 or OIG audit findings. HUD accepted the City’s certification to affirmatively further fair housing. There are no open compliance issues concerning other FHEO areas, Part 58 compliance, Davis Bacon compliance or other Federal requirements.

The City’s AAP for Program Year (PY) 2017 was consistent with the goals and objectives established in the five-year plan, which addresses the City’s housing, and community development needs. The PY 2017 AAP included the following key priority goals and objectives:

- Provide for additional affordable housing to address the growing gap between housing costs and local incomes;
- Provide programs that improve recreation facilities and services particularly in low-income areas;
- Provide a network of shelter, housing and support services to prevent homelessness, move the homeless to permanent housing and independence and to eliminate chronic homelessness;
- Provide programs that promote economic development, create decent jobs and increase the job skills level of potential employees; and
- Provide supportive services that increase the ability of seniors, persons with disabilities and others with special needs to live.

HUD's review of the City's most recently submitted CAPER determined that Annapolis followed its five-year plan and the FFY 2017 AAP. The activities undertaken during the year were consistent with the goals, objectives, and priorities established in the five-year Consolidated Plan.

The city was able to make significant progress in improving the quality of the existing housing stock and increasing the supply of affordable housing. Seven families received owner occupied housing rehabilitation services in FFY 2017.

The Light House Shelter provided case management services to 73 individuals in this program year. The Light House also provided homeless prevention services, which included eviction assistance to 29 households, utility assistance to 55 households and pantry bag distribution to 1,115 families.

Arundel Lodge used its CDGB funds to renovate four residential facilities that house 12 mentally ill individuals thus, providing affordable housing, services, and facilities for persons with special needs and the disabled.

With respect to community facilities, the Samaritan House completed its renovations to its facility, which now serves 99 persons and the Housing Authority of the City of Annapolis (HACA) used its CDBG funds to make renovations its playgrounds.

The Center of Help, which provides information and referral services to the city's Hispanic community, served 1069 individuals. OIC, a job skills program that provides GED and computer training served 66 individuals and Blessed in Tech and Restoration Community Development Corporation, both mentoring organizations, served 149 and 25 individuals respectively. The Newtowne Community Development Corporation assisted five new businesses and five existing businesses in FFY 2017.

The FFY 2017 CAPER includes more details on the City's housing and community development accomplishments and is on the City's website at Annapolis.gov.

4. Summary of citizen participation process and consultation process

The City of Annapolis has followed its Citizen Participation Plan in the planning and preparation of the AAP by holding two public hearings and a 30-day comment period. The first public hearing on the needs of the community and its residents was held on February 13, 2019. This provided the residents, agencies, and organizations with the opportunity to discuss the City's CDBG Program and to provide suggestions for future CDBG Program priorities and activities.

A copy of the “Draft FFY 2019 AAP” was placed on public display for review by the general public agencies and organizations in the community. A newspaper notice announcing that these documents were placed on public display was published in the “Capital Gazette,” the newspaper of general circulation in the area. The “Draft FFY 2019 AAP” was on public display from **April 22, 2019 to May 23, 2019** at the following locations:

- City of Annapolis Department of Planning and Zoning, 145 Gorman Street, 3rd Floor, Annapolis, Maryland 21401
- HACA, 1217 Madison Street, Annapolis, MD 21403
- City of Annapolis website, Annapolis.gov

5. Summary of public comments

The City of Annapolis held its first public hearing on February 13, 2019 at 7:00 PM. The hearing provided citizens with an overview of the budget process, the amount of funds expected to be available for Local Fiscal Year 2019, a review of the accomplishments achieved in Local Fiscal Year 2017, and an opportunity for public comment. Representatives from organizations that provide services to low and moderate income persons made presentations to the Housing and Community Development Committee and spoke about what they believed were the needs of the community and priorities for investment for FFY 2019. The organizations presented information on how their programs and services could meet those needs.

The FFY 2019 AAP was placed on public display from **April 22, 2019 to May 23, 2019**. A second public Hearing was held on **May 8, 2019**. No comments were received during the 30-day public comment period or at the public hearing.

6. Summary of comments or views not accepted and the reasons for not accepting them

Annapolis accepted all comments or views expressed by the public at the two public hearings and during the 30-day comment period.

7. Summary

The main goals of the Five Year Consolidated Plan are to improve the living conditions of all residents in the City of Annapolis, create a suitable and sustainable living environment, and to address the housing and community development needs of the City’s residents.

The AAP is a single document which outlines the City’s strategies and goals to address housing needs; establish and maintain a suitable living environment; and to encourage economic opportunities for every resident. The City will use the AAP Plan goals to allocate CDBG funds over the next year and to provide direction to its strategic partners, participating agencies, and stakeholder organizations to address the housing and community development needs of the low and moderate-income residents of the City of Annapolis. HUD will evaluate the City’s performance based on the goals established in the AAP.

AP-10 Consultation - 91.100, 91.200(b), 91.215(I)

1. Introduction

The City of Annapolis has sole responsibility for formulating and administering its community development, housing, and economic development programs. The City interacts with various public and non-profit institutions that provide housing and supportive services to low and moderate income residents. Although the agencies are independent of one another, they work together to ensure that their programs and services are coordinated and that residents are served. The City's primary means of connecting and networking with housing and service providers in Annapolis is through the following organizations:

- Annapolis and Anne Arundel County Partnership to End Homelessness (monthly)
- Anne Arundel Affordable Housing Coalition (quarterly)
- City Housing and Community Development Committee (monthly)
- Arundel Community Development Services (ACDS) (weekly)
- Housing Authority of the City of Annapolis (HACA) (weekly)
- Community Action Agency (monthly)
- Anne Arundel County Department of Social Services (DSS) (monthly)
- Light House Shelter (weekly)

The Community Development Administrator is available to offer technical assistance and assistance with developing applications for funding. The City will provide strong leadership and planning to coordinate activities and functions and facilitate communication between City departments and its staff. Through public meetings and hearings on projects and applications for funding, the City of Annapolis will continue to provide a forum where private and public entities can discuss community development, housing, and other issues. The City will consider its activities in relation to federal, state, and county agencies to ensure that all available programs are taken into account. The City will consider opportunities to work with county and local non-profit agencies to coordinate efforts to provide necessary services. These coordinated efforts will provide affordable housing opportunities to low- and moderate-income persons.

HACA is an important housing provider primarily assisting extremely low-income households. The Mayor appoints HACA's Board and the Chairman of the Board or his/her designee is a member of the City's Housing and Community Development Committee. HACA hires its own staff and handles all its contracting, procurement, and management issues. Consultation with HACA occurred to obtain data on the public housing inventory and the Section 8/Housing Choice Voucher Program and to discuss HACA's plans for public housing development activities, especially its Rental Assistance Demonstration (RAD) projects.

Provide a concise summary of the jurisdiction's activities to enhance coordination between public and assisted housing providers and private and governmental health, mental health and service agencies (91.215(I)).

The City of Annapolis works with the following agencies to enhance coordination:

- City of Annapolis Planning and Zoning Department - Oversees the CDBG Program.
- HACA – Coordination with the Section 8 Housing Choice Vouchers, RAD, and improvements to public housing communities
- Social Services Agencies – Provides funds to improve services to low and moderate income persons, particularly homeless individuals and families
- Housing Providers – Provides funds to rehabilitate and develop affordable housing and provide housing opportunities for low and moderate-income households.
- Anne Arundel County Continuum of Care - Oversees the Continuum of Care funds.

Each year, as part of the CDBG application planning process, local agencies, and organizations are invited to submit proposals for CDBG funds for eligible activities. These groups participate in the planning process by attending the public hearings, and informational meetings.

Describe coordination with the Continuum of Care and efforts to address the needs of homeless persons (particularly chronically homeless individuals and families, families with children, veterans, and unaccompanied youth) and persons at risk of homelessness

The City of Annapolis is a member of the Anne Arundel County Continuum of Care (CoC). The CoC, called the Anne Arundel County and Annapolis Coalition to End Homelessness (Homeless Coalition) includes representatives from (i) the State, County, and City of Annapolis agencies administering mainstream resources; (ii) shelter and nonprofit services providers; (iii) organizations representing individuals diagnosed with mental health disorders, substance abuse, HIV/AIDS; and (iv) formerly homeless persons, advocates, and others with roles, interests and responsibilities in addressing issues associated with homelessness in the County. The Coalition meets monthly and develops policies and procedures for operations, including the adoption of a Governance Charter.

The goals and strategies developed by the Homeless Coalition and its planning process served as the basis for the homeless goals within the strategic plan. The Homeless Coalition was an active participant in reviewing and finalizing all of the goals and strategies outlined in this Consolidated Plan. The City’s Community Development Division is an active member of the Homeless Coalition and serves on the board of directors.

Describe consultation with the Continuum(s) of Care that serves the jurisdiction's area in determining how to allocate ESG funds, develop performance standards and evaluate outcomes, and develop funding, policies and procedures for the administration of HMIS

The City of Annapolis participates in The Homeless Coalition, the County's CoC planning group, which is involved in determining the needs and setting priorities when allocating ESG funds, developing performance standards and evaluating outcomes, and developing policies and procedures for the administration of the Homeless Management Information System (HMIS). The Homeless Coalition Board meets monthly the entire membership meets bi-monthly. The Homeless Coalition has developed procedures for the operation and administration of the HMIS system, which is funded with County general funds, state ESG funds and CoC funding. A committee, consisting of Homeless Coalition members currently utilizing the HMIS system, meets on a bi-monthly basis to review policies, update users on program changes and discuss other relevant issues associated with the use and management of the system. Currently, all grantees receiving ESG funds, as well as subrecipients receiving CoC funds, are required to enter data into the HMIS system. In turn, this HMIS data, which has been vetted and

evaluated by the Homeless Coalition Board and membership, informs the allocation of ESG funds and directly influences the development of the goals and strategies outlined within the Consolidated Plan, as well as directs annual planning efforts.

Table 3 – Other local / regional / federal planning efforts

Describe cooperation and coordination with other public entities, including the State and any adjacent units of general local government, in the implementation of the Consolidated Plan (91.215(I))

The City of Annapolis Community Development Division is the lead planning and administrating agency for the City's CDBG program. Close coordination is maintained between the Division and other City departments to ensure the needs for affordable housing and community development are being met.

Cooperation extends beyond the City limits to the county and state level. Communication between the City's CDBG program and the County's CDBG program exist to ensure activities are coordinated and efficiently utilize federal funds. In addition, the City is a member of the CoC and applies for state ESG funds for organizations with the CoC. The City of Annapolis also applies for Community Legacy, Strategic Demolition and Maryland Housing Rehabilitation Program funds through the Maryland Department of Housing and Community Development.

Narrative (optional):

The City incorporates the needs identified and involves as many individuals and organizations as possible in the development of its Action Plan through regular participation in established groups, including the Anne Arundel Affordable Housing Coalition, the Homeless Coalition, and the Regional Fair Housing Group. Additionally, staff attends HACA Commission meetings and other community meetings to assess revitalization needs.

AP-12 Participation

1. Summary of citizen participation process/Efforts made to broaden citizen participation

Summarize citizen participation process and how it impacted goal-setting

The City of Annapolis has followed its Citizen Participation Plan in the planning and preparation of the AAP. Two public hearings were held to discuss and assess the housing and community needs of the City and its residents. The FFY 2019 AAP was developed in conjunction with residents and organizations through the City’s public participation process. Specific actions taken to encourage citizen participation during the development of the FFY 2019 AAP were public meetings and consultations.

The City held its first public hearing on the needs of the community and its residents on February 20, 2019. This provided the residents, agencies, and organizations with the opportunity to discuss the City’s CDBG Program and to provide suggestions for future CDBG Program priorities and activities.

Explain how federal funds will leverage those additional resources (private, state and local funds), including a description of how matching requirements will be satisfied.

To leverage additional funds from other sources and work toward meeting the goals and objectives of the City of Annapolis AAP, the City works with many partners including the county government, the state, nonprofit organizations and other companies and agencies who are able to bring additional resources to desired projects and programs.

During the Consolidated Plan period, the City and its partners will focus on the following potential sources of leveraged funds:

- ESG from the Maryland Department of Housing and Community Development through the CoC
- Low Income Housing Tax Credits
- Anne Arundel County Continuum of Care (CoC)

- Community Legacy Program
- Technical Assistance Program
- Maryland Affordable Housing Trust
- Strategic Demolition Program
- Habitat for Humanity
- Homeownership Assistance Trust Fund

If appropriate, describe publically owned land or property located within the jurisdiction that may be used to address the needs identified in the plan.

Discussion

The city will continue to explore options to leverage its CDBG funds to provide the highest and best use of project/activity funding to address the housing, community development, and economic development needs of the city. The city considers its CDBG allocation as one tool in a toolbox to be used by the city to provide decent housing, a suitable living environment, and expand economic opportunities for low- and moderate-income persons. The following additional financial resources will be utilized by the city:

Federal Resources

Section 8

HACA expects to receive \$3,952,657 in Tenant Based Rental Assistance and \$624,000 in Section 8 Administrative Fees in FFY 2019.

Bowman Community Development Corporation received funding from the Anne Arundel Housing Commission for \$825,000 in Project Based Housing Choice Vouchers.

Federal Low-Income Housing Tax Credit (Tax Credit) LIHTC

The LIHTC was created by the Tax-Reform Act of 1986 and extended by the revenue Reconciliation Acts of 1989 and 1992 to encourage the private sector to invest in the construction and rehabilitation of housing for low and moderate-income families. The law gives states an annual tax credit allocation based on population. Tax Credits are awarded on a competitive basis to nonprofit and for-profit sponsors of eligible housing projects. Awards are based on the criteria outlined in the State's Allocation Plan. Projects financed with tax-exempt bonds may be eligible for Tax Credits outside of the competitive process. Project sponsors or investors claim the Tax Credit on their federal income tax return.

In PY 2016, DHCD awarded Pirhl Development \$15,748,425 LIHTC for Town Court, a 42 unit affordable housing development on West Street in Annapolis. Pirhl will set aside eight units for the disabled. Rents will be targeted to households at 30%, 40%, 50%, and 60% of Area Median Income. Among the 34 three-bedroom units, five units will have no income restrictions. The city recently approved the site plan for the development expects construction on this project to begin this summer.

Rental Assistance Demonstration Projects (RAD)

The Housing Authority of the City of Annapolis (HACA) submitted a portfolio application for the Rental Assistance Demonstration (RAD) on October 23, 2018. HACA's entire public housing inventory is included in the portfolio application for RAD conversion and divided into two Parts. Part 1 consists of Newtowne 20, Blum High Rise (Glenwood), Obery 1, Obery 3, and Annapolis Gardens. This application will be amended to include a combination of RAD and Section 18 Demo/Dispo units at Newtowne 20. Part 2 consists of Harbor House, Eastport Terrace, Robinwood, and Bloomsbury Square.

McKinney-Vento Homeless Assistance Act Funds

The McKinney Act consists of several programs that provide a range of services to homeless people, including the Continuum of Care Programs the Supportive Housing Program, the ShelterPlus Care Program, and the Emergency Solutions Grant Program. The City of Annapolis participates in the Anne Arundel County Continuum of Care Program, which administers the Continuum of Care Programs, the Supportive Housing Program, and the ShelterPlus Program.

Anne Arundel County applied through HUD's federal competitive application process and received \$2,472,691 in competitive Continuum of Care (CoC) funds. Specifically, in CoC funds were awarded in order to continue funding permanent supportive housing programs and will be used to fund.

The City can no longer apply to DHCD for ESG funding. ESG funds will now be administered by the CoC.

State Resources

Community Legacy Funds

The City of Annapolis will apply for \$200,000 in rehabilitation funds for the Universal Lodge located in the Clay Street Neighborhood. The Lodge is listed on the National Register for Historic Places.

HOME Initiatives

The state DHCD opened its HOME Initiative Program for FY 2019 only to CHDOs.

Multifamily Rental Program (DHCD)

HACA and Pennrose LLC are applying to DHCD for \$3,000,000 in Rental Housing Funds and \$1,875,000 in Partnership Rental Housing funds for the redevelopment of the Newtowne 20 public housing community. Newtowne 20 redevelopment will also be requesting \$1,000,000 in State of MD Housing Trust funds.

County Resources

City residents also participate in Anne Arundel County's Homeownership Counseling Program and the County's Mortgage Assistance Program. The County's Homeownership Counseling Program helps prepare low and moderate-income renters for homeownership. The County uses CDBG and general funds for the program. The County also provides up to \$20,000 of mortgage assistance to low and moderate income first-time homebuyers.

Local Resources

Each year the City Council provides operating funds through the City's General Fund to many city organizations. These are groups that display creative ways of helping people help themselves, provide activities that support the City's goal of providing all residents with access to services that sustain and enhance the quality of life and are equitable, effective, accountable, and responsive to changing community needs. This year, the city will allocate approximately \$350,000 to fund organizations, most of which provide services to the city's low-income residents.

Housing Assistance Trust Fund

The Homeowner Assistance Trust Fund is funded from fees developers pay to the City in lieu of building Moderately Priced Dwelling Units. The City uses these funds for

1. Purchase land and or buildings for other affordable housing that would be provided to persons that meet the eligibility criteria for purchasing or renting MPDUs;
2. Provide settlement expense, down payment and mortgage write down assistance to eligible persons or households;
3. Construct for sale housing units;
4. Purchase and or rehabilitate rental housing for conversion to homeownership;
5. Rehabilitate residential units including owner occupied residential units;
6. Provide funds to match other State or Federal homeownership programs;
7. Provide funds for administrative costs; or
8. Contract with nonprofit developers for development of housing units for sale to eligible low or moderate-income buyers.

In FY 2020, the city plans to use funds from this trust to continue its work with Habitat of the Chesapeake to acquire and renovate single-family rentals to owner-occupied property. The City will also provide down payment and settlement expenses assistance to the homeowners who purchase Habitat homes. The City also plans to continue providing homeownership assistance to residents of Homes at the Glen, a lease to purchase tax credit project, which is ready for residents to begin the purchase process.

Clay Street Assistance Fund (Community Legacy)

The city is also providing predevelopment assistance to Universal Lodge #14, a building in the Clay Street Revitalization Neighborhood, which is on the National Register of Historic Places and badly in need of repair. In addition to its use as a Lodge, the building will provide additional space for community meetings and recreational activities for neighborhood residents.

AP-50 Geographic Distribution – 91.220(f)

Description of the geographic areas of the entitlement (including areas of low-income and minority concentration) where assistance will be directed

Because 70% of the City’s CDBG funds must benefit low and moderate-income persons, the City will spend a significant portion of its CDBG funds in areas with minority and poverty concentrations. The neighborhoods that received priority attention were Eastport, Parole, and Clay Street. These neighborhoods are small, cohesive geographic areas, which have the highest minority concentration, the highest number of people below the poverty level, and the greatest housing rehabilitation needs.

Geographic Distribution

Table 8 - Geographic Distribution

Target Area	Percentage of Funds
Citywide	100%

Rationale for the priorities for allocating investments geographically

The intent of Federal CDBG funds is to provide low and moderate-income households with viable communities, including decent housing, a suitable living environment, and expanded economic opportunities. Eligible activities include community facilities and improvements, housing rehabilitation and preservation, affordable housing development activities, public services, economic development, planning, and administration. The City of Annapolis has identified its priorities throughout the plan with regard to allocating investment geographically.

The City will base its selection of projects on the following criteria:

- Meets the statutory requirements of the CDBG program
- Meets the needs of LMI residents
- Focuses on low and moderate-income areas or neighborhoods
- Coordinates and leverages resources
- Responds to expressed needs
- Is sustainable and/or has long-term impact; and
- Demonstrates measurable progress and success

Discussion

The geographic locations and areas of public benefit for FFY 2019 are as follows:

- Clay Street: Habitat for Humanity
- Eastport: Arundel Lodge, Homes for America-Bay Forest Senior Apartments, Housing Authority (Robinwood and Harbor House)
- Parole: Housing Authority (Newtowne 20)

The City's Housing Rehabilitation Program and all public services projects are available citywide.

AP-55 Affordable Housing – 91.220(g)

Introduction

The city of Annapolis will utilize its CDBG funds to rehabilitate existing affordable housing units, support the construction of new affordable housing units, and to provide down payment/closing cost assistance to facilitate housing affordability

AP-60 Public Housing – 91.220(h)

Introduction

FFY 2020 PHA goals and objectives.

Goal I: Revitalize and Enhance our Communities through Rental Assistance Demonstration (RAD): The Housing Authority of the City of Annapolis (HACA) submitted a portfolio application for the Rental Assistance Demonstration (RAD) on October 23, 2018. HACA's entire public housing inventory is included in the portfolio application for RAD conversion and divided into two Parts. Part 1 consists of Newtowne 20, Blum High Rise (Glenwood), Obery 1, Obery 3 and Annapolis Gardens. Part 2 consists of Harbor House, Eastport Terrace, Robinwood, and Bloomsbury Square.

- HACA received Commitments for a Housing Assistance Payment (CHAPs) from HUD for the Part 1 projects on February 14, 2019. HACA will not apply for CHAPs for the Part 2 projects until 2020. With the CHAPs for Part 1 properties, HACA has begun the RAD conversion process in the following ways:
 - HACA has selected a developer partner for Newtowne 20. HACA was not successful in receiving a 9% tax credit allocation, yet with broad community support, including CDBG, has put together a financing plan that will make the project feasible using 4% tax credits and tax-exempt bonds. The plan includes amending the RAD CHAP and including Section 18 demo/dispo units. Newtowne 20 redevelopment plans include demolition and rebuilding.
- By the end of May, 2019 HACA expects to have submitted a development partner to provide substantial rehabilitation at Blum.
- HACA is working with its existing developer partners to convert Obery Court I, Obery Court III, and Annapolis Gardens to RAD Project Based Vouchers (PBV.). No immediate physical changes are contemplated for these properties as part of the RAD conversion of these properties. The conversion will stabilize the funding of subsidy for the properties.

Goal II: Continue to Improve Processes and Performance

- Continue to improve maintenance Work Order management, response, and completion.
- Reduce vacancies by increasing timely turnaround of vacant units
- Develop and implement strategic capital expenditure plan, based on current physical needs assessments and RAD redevelopment schedule.
- Ensure properties meet all obligations under HUD's Real Estate Assessment Center (REAC) evaluations.
- Improve utilization rate of Housing Choice Vouchers Program

Goal III: Promote Efficiency and Fiscal Responsibility

- Improve usage of Asset Management process at all HACA properties
- Utilize asset management tracking at each property to improve financial performance per property
- Meet all HUD requirements for fiscal responsibility under REAC

Actions planned during the next year to address the needs of public housing

1. Increase use of contractors to improve the turnaround time and occupancy rate of vacant units on HACA properties.
2. Utilize CDBG and HACA funding to refurbish community center amenities at Eastport Terrace/Harbour House communities, and refurbish playgrounds and lighting at Robinwood. HACA was successful in receiving a Kaboom grant as a match for the CDBG funds for the

- refurbishment of the Robinwood playground.
3. Use CDBG funding to defray part of the demolition costs for the redevelopment of Newtowne 20.
 4. HACA will select developer for RAD conversion of Morris H. Blum Senior Apartments and develop a scope of work and financing plan. The City will review the plan and determine the extent to which it can provide financial support.
 5. Continue utilizing Maryland Energy Administration, as funds are available to upgrade Robinwood with new heating, ventilation and air-conditioning systems, and energy-efficient appliances.
 6. Strategically deploy Capital Fund dollars based on current Physical Needs Assessments and redevelopment strategies to provide preventative maintenance at HACA properties and steadily improve property conditions, pending out year redevelopment.
 7. Increase resident services available at all properties, especially those undergoing redevelopment, including partnering with social service providers, development partners, and City partners to identify and meet resident needs.

Actions to encourage public housing residents to become more involved in management and participate in homeownership.

1. Family Self Sufficiency (FSS) Coordinator to continue to work with families in the FSS program to implement their self-sufficiency plans resulting in enhanced earnings and earnings potential.
2. Work with interested families relocating because of RAD activities and FSS participants to become qualified for homeownership and organize necessary resources.
3. Improve communication between all levels of staff at HACA and HACA clientele, including regular participation by Senior Management, including the Executive Director, in meetings with residents, Resident Councils and RAB and community walk through.

If the PHA is designated as troubled, describe the manner in which financial assistance will be provided or other assistance to improve the agency's operations and to remove such designation.

AP-65 Homeless and Other Special Needs Activities – 91.220(i)

Introduction

The City of Annapolis is a member of Anne Arundel County's Continuum of Care (CoC), which is a collaborative and well-coordinated community-based planning process. The goal of the process is to ensure the needs of persons who are homeless or at-risk of homelessness within the City and the County are being met. The CoC makes a continuum of housing and services available including prevention, outreach, and supportive services, as well as emergency, transitional, and permanent housing. ACDS, with support from the Anne Arundel County Department of Social Services (DSS), coordinates the Continuum of Care Planning Group, referred to as the Anne Arundel and Annapolis Coalition to End Homelessness (Homeless Coalition). The Homeless Coalition is responsible for developing the competitive Continuum of Care application and for developing the plan to end chronic homelessness in Anne Arundel County. The Homeless Coalition consists of over 50 County and City of Annapolis agencies, concerned citizens, nonprofit homeless service providers, private nonprofit organizations serving special needs clientele, as well as others with interests and roles in ending homelessness in the County.

The Homeless Coalition has continually supported the County's successful applications for federal funds and the development of new programs and services to address the needs of the homeless population. For example, Anne Arundel County applied through HUD's 2018 federal competitive application process and was awarded a total of \$2,472,691 in competitive CoC funds. The funds will be used to provide housing for chronically homeless persons and families. The Homeless Coalition is in the process of strengthening the County's Coalition and overall Continuum of Care for the homeless. Homeless Coalition members play an active role in the implementing the Anne Arundel County Consolidated Plan: FY 2016 – FY 2020, as well as providing input in the development of the LFY 2020 Annual Action Plan.

Describe the jurisdictions one-year goals and actions for reducing and ending homelessness including reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs.

The Anne Arundel CoC has adopted a coordinated entry and assessment process, thereby helping homeless persons to more easily access programs. This year, the County will continue to strengthen and develop the coordinated entry system. The goal is to improve access to services, and to ensure that priority for housing is given to the most vulnerable. The Department of Social Services (DSS) is the coordinated entry point for the County's emergency shelter system, and houses the Emergency Shelter Gatekeeper who manages shelter access and maintains the emergency shelter list. Clients can be screened at: Sarah's House, Arundel House of Hope, and the Light House as well as at both DSS locations in Annapolis and Glen Burnie. The CoC process gives priority for shelter to homeless persons assessed as vulnerable and on the street or other place not fit for human habitation.

Additionally, all homeless persons entering the County's homeless Continuum of Care (through outreach, shelter, or day programs, etc.), must be screened with the VI-SPDAT, a standardized tool, to assess their vulnerability. Individuals with a completed VI-SPDATs are scored and ranked by vulnerability on the Access Housing list, the CoC's by-name list, and can access CoC and HOME funded permanent supportive housing programs.

The County's continuum for the homeless has several outreach teams including the Homeless Outreach

Team, the Crisis Response Team and Assertive Community Treatment (ACT) program. The Homeless Outreach Team funded with \$20,000 in CDBG funds and County general funds work to build relationships with individuals living in homeless camps throughout the County in order to link them to services and housing. The ACT Program receives referrals from the police, hospitals, and shelters when a homeless person is in crisis. In addition, Arundel House of Hope and The Light House provide outreach services, case management, a day shelter, meals, and links to mainstream resources. The CoC also hosts an annual Homeless Resource Day, which allows service providers to successfully reach out to the homeless and those at-risk of homelessness. This event is well publicized to the entire community. The Homeless Resource Day, offering comprehensive services, allows service providers to offer their services in a concentrated manner on one day, as well as to set up appointments for follow-up visits.

In May 2018, ACDS submitted a consolidated application on behalf of the Anne Arundel County Continuum of Care for the newly formed Maryland State Homelessness Solutions Program (HSP). In July 2018, ACDS was awarded \$419,337 to continue to provide housing stabilization and outreach funding to a number of community partners in the county. The services provided include: emergency shelter, Rapid Re-Housing, permanent supportive housing case management, homelessness prevention and diversion services, and a homeless outreach day center.

Addressing the emergency shelter and transitional housing needs of homeless persons

Emergency Shelter – Anne Arundel County has 53 year-round emergency beds for individuals, 85 seasonal emergency beds for individuals, and 99 year-round emergency beds for families. Typically, emergency shelters can provide temporary housing for up to 90 days, along with three meals, case management, life skills, training, housing search assistance and other supportive services. The rotating church shelter, called the Winter Relief Program, provides transportation, meals, and temporary housing between the hours of 5:00 p.m. and 7:00 a.m. from October through April. Local shelters and the City of Annapolis provide an additional 54 freezing weather beds. There is generally a shortage of emergency shelter for both families and individuals in the County, especially during the summer months when the rotating shelter and freezing weather beds are unavailable.

In Local Fiscal Year 2020, Sarah’s House, operated by Associated Catholic Charities, Inc., will receive \$85,000 in Emergency Solutions Grant (ESG) funds, State HSP funds, and County funds⁵. Sarah’s House provides emergency shelter to the County’s homeless population, as well as a wide array of supportive services. It is estimated Sarah’s House will assist 425 homeless persons, including children, during the next year.

Transitional Housing – Arundel House of Hope (AHOH) will continue to provide several transitional housing programs for the homeless in the County including the Fouse Center for 10 homeless men, the Patriot House for six homeless veterans, and four transitional housing units for homeless families. The Fouse Center is funded with \$100,000 in County funds.

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again

The Homeless Coalition is committed to ending chronic homelessness by outreaching and developing housing options for this population. The Homeless Coalition has embraced the Housing First Model as its strategy for ending chronic homelessness. As part of the development of the County's Coordinated Assessment process, the Homeless Coalition adopted the VI-SPDAT as its assessment tool and incorporated it into the HMIS system. The VI-SPDAT is a nationally accepted and recommended survey tool, which evaluates and ranks each homeless individual or family based on a number of risk factors and generates a centralized list of most vulnerable, chronically homeless individuals and families. Those who are ranked as the most vulnerable and chronically homeless are given priority for all of the County's HUD-funded permanent supportive housing programs and other services. The centralized list is a coordinated waitlist for all HUD funded permanent housing programs in the County.

The County uses a Rapid Re-Housing strategy for homeless families and provides ESG funded Rapid Re-Housing to approximately 15 households. Additionally, last year the County received a new CoC funded rapid re-housing grant to re-house approximately 15 homeless families as well as State HSP funds for another new Rapid Re-Housing Program. The County is allocating \$100,000 in HOME and \$400,000 County funds for several-targeted tenant based rental assistance initiative including the Operation Program to house homeless veterans, TBRA program for chronically homeless families. Additionally, the United Way of Central Maryland has funded a prevention and diversion program, including a rapid re-housing strategy for families in the County. The County's family shelters also work to help families increase their incomes so that they can afford housing. Given the high cost of housing, many homeless families stay with other family members after they leave the shelter.

The County also seeks to end homelessness among Veterans. AHOH operates Patriot House, a Veteran's Administration (VA) per diem funded transitional housing program for homeless Veterans. AHOH works closely with the Baltimore VA Medical Center to ensure each veteran receives necessary medical care, services, and access to permanent housing through the HUD Veterans Affairs Supportive Housing (VASH) Program. Many graduates of the program improve their income enough to afford unsubsidized housing as well. Additionally, outreach workers from the Baltimore VA Medical Center come to the AHOH Homeless Resource Center on a monthly basis to link homeless Veterans to other supportive services. As mentioned previously, the County has allocated County general funds for the Operation Home program, which provides TBRA for homeless veterans, as well as funds allowing AHOH to help locate housing and provide case management to five homeless Veterans per year receiving the TBRA assistance through the Operation Home Program.

Staff in the various shelters all work to reduce recidivism. Currently, approximately 28 percent of sheltered homeless individuals and families experience more than one episode of homelessness and return to a shelter. This is due in part to the high cost of housing in Anne Arundel County and the difficulty low-income individuals face in finding units they can afford without a subsidy. Those who enter CoC funded permanent housing seldom return to emergency shelters. The County incorporates the following strategies to reduce returns to homelessness: (1) provide comprehensive case management and continued aftercare service once a participant exits program; (2) build linkage to all mainstream resources; and (3) focus on increasing employment and income by ensuring the homeless are linked to employment services or receive all benefits, such as SSI, for which they may be eligible.

Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); or, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs.

One of the County's key strategies for ending homelessness is to prevent individuals from becoming homeless in the first place. A number of County agencies assist households in avoiding homelessness by providing financial assistance to prevent eviction, as well as to help with preventing the disconnection of utilities. The County uses CDBG, FEMA, State, and private funds to provide this assistance. Additionally, the United Way has funded a prevention and homeless diversion program. In Local Fiscal Year 2020, \$40,000 in County CDBG funds will be allocated to Anne Arundel County Community Action Agency, \$20,000 in County CDBG funds will be allocated Calvary Economic Development Corporation, and \$20,000 in County CDBG funds will be allocated to Anne Arundel County Partnership for Children, Youth, and Families to provide eviction prevention, utility turn-off assistance and help with first month's rent.

Additionally, the County has made available \$100,000 in flexible funding to support the Anne Arundel County Mental Health Agency to provide short-term emergency housing, eviction prevention, and other needed housing assistance to individuals to maintain and potentially obtain housing. The County will also receive FY2020 homelessness prevention funding through the Maryland Homelessness Solutions Program (HSP). In FY19, the County received approximately \$70,000 in homelessness prevention funds through the program, which were administered by the Community Action Agency and the Light House. These funds were used to provide short-term rental and utility assistance as well as financial assistance to divert people away from the shelter system and into sustainable housing.

The County has developed discharge plans and strategies, depending on the population being served, to prevent individuals being discharged from a publicly funded institution – such as foster care, hospitals, mental health programs, and or jail – from becoming homeless. DSS is responsible for implementing discharge planning for children in foster care. The County's goal is to make sure every child has a permanent supportive connection before aging out of care.

Although there are no publically funded hospitals or health care facilities in the County, the two privately funded hospitals work with DSS to help ensure individuals leaving these facilities are not released to homelessness. Both the Baltimore Washington Medical Center and the Anne Arundel Medical Center employs social workers to link patients to services prior to discharge. The inpatient hospital treatment team completes a needs assessment upon entry into the facility and develops a treatment plan addressing needs such as mental health, housing, substance abuse, job skills, and life skills. Anne Arundel County Mental Health Agency also employs aftercare service workers who provide the local link between psychiatric hospitals, residential treatment facilities and community resources to ensure effective discharge planning.

The Health General Article, 10-809 Annotated Code of Maryland, prohibits discharges from State mental health facilities to homelessness. The County makes every effort to prevent individuals exiting the County Detention Centers from becoming homeless. The Detention Centers provide case management, including discharge planning, to all individuals sentenced for a period of greater than seven days in the County's two detention facilities. Detainees are referred to internal GED training; job training, drug

treatment, and other life skills type courses in order to prepare for their exit from the detention center. Mentally ill detainees are referred to the State funded Mental Health Jail Project which link inmates to services and housing upon discharge from the jail. The Detention Center hosts on-site Community Service Fairs to help link in-mates to programs, services and housing options upon release.

Discussion

The County has been successful at applying for competitive CoC funds and has built an inventory of 180 permanent supportive housing units, most targeted to chronically homeless. During Local Fiscal Year 2020, the County will offer the following housing programs to the homeless. All of these housing programs will provide intensive case management and supportive services. This year many of the CoC grants were consolidated – meaning programs with the same administrator were combined –, which will increase the efficiency of grant administration and help us better serve our clients.

AACMHA SHOP Program Consolidated Grant (CHES, SHOP, Samaritan)– \$401,418 in CoC funds was awarded to provide: tenant based rental assistance to eight chronically homeless persons diagnosed with a mental illness through the CHES program; tenant based rental assistance and intensive support services for eight homeless households through the SHOP program; and tenant based rental subsidies and supportive services to five chronically homeless individuals through the Samaritan program.

Catholic Charities Rapid Re-Housing Program – \$153,761 in CoC funds was awarded to Catholic Charities for a new program to provide rapid re-housing to 15 homeless families.

Housing for Chronically Homeless Families and Homeless Veterans – \$100,000 in HOME and \$400,000 in County general funds is provided to the Housing Commission to house up to 20 chronically homeless families and/or homeless veterans.

AHOH Rapid Re-Housing Program – \$61,620 in ESG funds is provided to Arundel House of Hope, Inc. (AHOH) to help 15 homeless households.

AHOH Community Housing Program Consolidated Grant (Women in Safe Haven (WISH), and Community Housing Program) AHOH was awarded \$129,838 in CoC funds to operate the WISH Program to provide permanent supportive housing for 11 chronically homeless women and men.

AHOH Safe Haven Consolidated Grant (Safe Haven I and II)– AHOH was awarded \$127,103 in CoC funds to provide permanent supportive housing to eight (8) chronically homeless men.

Housing First I and II Consolidated Grant– People Encouraging People, Inc. (PEP) was awarded \$203,944 in CoC funds to provide tenant based rental assistance and intensive case management services to 13 chronically homeless persons.

Shelter Plus Care – The Maryland Mental Hygiene Administration was awarded \$447,391 in CoC funds to continue the Shelter Plus Care Program providing tenant based rental assistance and supportive services to 26 homeless households.

Anne Arundel Partnership for Permanent Housing Program Consolidated Grant (ACDS Partnership Grant and HCAAC Permanent Supportive Housing Program) – ACDS was awarded \$939,236 in CoC funds to administer a permanent housing program, which is operated through a partnership between the

Housing Commission, AHOH and Community Residences, Inc. The Program serves participants who are chronically homeless and provides intensive case management and supportive services to 61 households, including children.

Finally, Catholic Charities will continue to provide 20 units of affordable housing to homeless families at the Project North program site at Ft. Meade and The Light House will provide three units of permanent housing to homeless families. These programs will be funded through the Housing Commissions Housing Choice Voucher program.

AP-75 Barriers to Affordable Housing – 91.220(j)

Introduction:

In recognition of the financial barriers that limit affordable housing opportunities among low-income households, the City of Annapolis has devised a strategy for expanding housing opportunities as follows:

- Offer closing cost and mortgage write-down assistance through a First Time Homebuyer Program. All participants in the program are required to attend homeownership-counseling classes that educate first-time homebuyers on the mechanics of the home purchase process including budgeting, resolving credit issues, and negotiating the contract. The City has used CDBG funds to support the Housing Counseling Program at the Community Action Agency, which has HUD-certified instructors. ACDS, also, HUD certified, provides homeownership-counseling services to City residents. The City will also use funds from its Homeownership Trust Fund to assist households with MHI of 100% or below.
- Provide assistance with improvements through its Housing Rehabilitation Program, ACDS administers for Annapolis.
- Continue to work with nonprofit housing providers providing assistance with acquisition and rehabilitation of units sold to low and moderate income first-time homebuyers.
- Provide funds to the Community Action Agency to support the agency's Homeownership Counseling Program that educates first-time homebuyers on the mechanics of the home purchase process including budgeting, resolving credit issues, and negotiating the contract. HUD certified instructors teach the program. Successful completion of the program is required from all households receiving assistance from the City through its homeownership programs. CAA's counselors are also available to assist renters.
- Provide financial support to affordable housing developments by providing Payment in Lieu of Taxes (PILOT) to appropriate projects.
- Continue the Moderately Priced Dwelling Unit (MPDU) Program that is applicable to developments containing ten or more dwelling units. The MPDU requires that at least 12% of the units in for-sale residential developments, and at least six percent of the units in for-rent residential developments, be affordable to households at 80% of the median income for the MSA. To ensure the long-term affordability of the units, for-sale units require affordability controls for up to 10 years from initial occupancy and for-rent units require 20 years. In exchange for the set-aside, the City permits a density bonus beyond the minimum density in the zone. The density bonus is 15% in for-sale housing and 10% in for-rent housing. The City adopted the MPDU ordinance in 2004. The city currently has 18 rental MPDUs and development applications before the City have the potential to create 45 affordable for-sale units and 7 rental units. MPDU represents a considerable effort by the City to expand affordable housing stock through the private market.
- The City's Fair Housing Ordinance is equivalent to both the state and federal law. The City added the following protected classes to its Fair Housing Ordinance: disability, familial status, sexual

orientation, marital status, sex, lawful income. At this time, the city is reviewing legislation to add “Immigrant Status” as a protected class.

- The City also participates as a member of the Anne Arundel Affordable Housing Coalition, and the Anne Arundel Continuum of Care Planning Group, which are responsible for funding decisions that affect residents of Annapolis. The City of Annapolis has a Human Relations Commission, which enforces the fair housing law and handles formal complaints. The Human Relations Commission continues to provide information on fair housing in their public events. There are no court orders, consent decrees, or sanctions against the City of Annapolis from HUD or any other organization regarding housing and related services. The City of Annapolis will continue to promote, foster, and maintain affordable housing throughout the city.

Actions it planned to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment

The city of Annapolis updated its Analysis of Impediments to Fair Housing Choice in conjunction with the preparation of the Five Year Consolidated Plan. The city of Annapolis’ FFY 2015-2020 Analysis of Impediments to Fair Housing Choice has identified the following impediments, along with the goals and strategies to address those impediments. Impediment #2 addresses public policies and regulations.

Impediment 1: FAIR HOUSING EDUCATION AND OUTREACH – There is a need to educate members of the community concerning their rights and responsibilities under the Fair Housing Act and to raise awareness, especially for low-income households, that all residents of the city have a right under federal law to fair housing choice.

Goal: Improve the public’s knowledge and awareness of the Federal Fair Housing Act, and related laws, regulations, and requirements to affirmatively further fair housing in the city. Strategies: In order to meet this goal, the following activities and strategies should be undertaken:

- 1-A: Continue to promote Fair Housing awareness through the media and with assistance from local/regional social service agencies, by providing educational awareness/opportunities for all persons to learn more about their rights and requirements under the Fair Housing Act and Americans with Disabilities Act.
- 1-B: Continue to make available and distribute literature and informational material, in English and Spanish, concerning fair housing issues, an individual’s rights, and landlord’s responsibilities to affirmatively further fair housing.
- 1-C: Improve the information on the city’s website about whom to contact and how to file a fair housing complaint, as well as general Fair Housing information for homeowners and renters.
- 1-D: Strive for better intergovernmental cooperation between federal, state, county, and local partners, as well as community groups and developers, to effectively identify and address potential barriers to affordable housing choice.
- 1-E: Continue to support the efforts of the city’s Human Relations Commission.

Impediment 2: PUBLIC POLICIES AND REGULATIONS – The city’s Zoning Code needs additional definitions, provisions, and revisions to be compliant with the Federal Fair Housing Act, Section 504, and the Americans with Disabilities Act to affirmatively further fair housing.

Goal: Revise the city Zoning Code to affirmatively further fair housing. Strategies: In order to meet this goal, the following activities and strategies should be undertaken:

- 2-A: The Planning and Zoning Department should review the existing ordinances and zoning regulations for compliance with the Fair Housing Act, as amended.
- 2-B: Revise the definitions and add new definitions for the words: “Family,” Handicap (Disabled),” “Fair Housing Act,” “Accessibility,” “Visitability,” etc.

Impediment 3: CONTINUING NEED FOR AFFORDABLE AND ACCESSIBLE HOUSING UNITS – The cost of rent for apartments in the city has increased over the past ten years to the point that 50.6% of all renter households in Annapolis are paying more than 30% of their monthly incomes on the cost of their housing and 35.4% of owner households with a mortgage in Annapolis are paying more than 30% of their monthly incomes on the cost of their housing, which means that these households are considered cost overburdened.

Goal: Promote and encourage the construction and development of additional affordable rental and owner occupied housing units in the area, especially for households whose income is less than 80% of the median income.

- 3-A: Support and encourage both private developers and non-profit housing providers to develop plans for the construction of new affordable and accessible renter occupied and owner occupied housing that would be located in areas that provide access to employment opportunities, transportation, amenities, and services throughout the region.
- 3-B: Support and encourage the rehabilitation of existing housing units in the city to become decent, safe, and sound renter occupied and owner occupied housing that is affordable and accessible to lower income households.
- 3-C: The Housing Authority of the city of Annapolis should collaborate with private and non-profit housing developers to continue to construct affordable rental housing utilizing Low Income Housing Tax Credits and other financing tools through federal, state, and local units of government.
- 3-D: Continue to enforce the ADA and Fair Housing requirements for landlords to make “reasonable accommodations” to their rental properties so they become accessible to tenants who are disabled, as well as educating the disabled how to request special accommodations.

Impediment 4: PRIVATE LENDING AND INSURANCE PRACTICES – The Home Mortgage Disclosure Act (HMDA) data suggests that there is a disparity between the approval rates of home mortgage loans originated from White and those originated from Minority applicants.

Goal: Approval rates for all originated home mortgage loans and insurance coverage should be fair, risk based, unbiased, and impartial, regardless of race, familial status, and location.

- 4-A: Federal, state, local, and private funding should be used to provide a higher rate of public financial assistance to potential homebuyers in lower income neighborhoods to improve loan to value ratios, so that private lenders will increase the number of loans made in these areas.

AP-85 Other Actions – 91.220(k)

Introduction:

The city of Annapolis has developed the following actions to address the following city needs: obstacles to meeting underserved needs; fostering affordable housing; reducing lead-based hazards; reducing the number of families living in poverty; developing institutional structures; and enhancing coordination between public and private housing and social service agencies.

Actions planned to address obstacles to meeting underserved needs

Despite city and service provider efforts, there remain a significant number of obstacles to meeting underserved needs. The following are obstacles to meeting those needs in Annapolis.

- High cost of housing
- Growing gap between incomes and housing
- Lack of developable land
- Increasing physical and mental handicap housing needs
- Cycle of poverty

Actions planned to foster and maintain affordable housing

To foster and maintain affordable housing, the city of Annapolis proposes to carry out the following activities:

- Arundel Lodge – Facility Rehabilitation
- Housing Rehabilitation - Owner Occupied Rehabilitation
- Bay Forest Senior Apartments – Rental Rehabilitation
- Habitat for Humanity – Rehabilitation
- Homes at the Glen – Settlement Assistance

Actions planned to reduce lead-based paint hazards

The city of Annapolis will undertake activities to reduce the number of lead-based paint hazards in the city through the city's Owner Occupied Housing Rehabilitation Program. The Housing Rehabilitation Program is administered by Arundel Community Development Services, Inc. (ACDS). The city and ACDS will adhere to the following lead based paint hazard reduction policies and procedures:

- The guidelines for the city's Housing Rehabilitation Program comply with the lead based paint hazards at 24 CFR Part 35.
- ACDS staff test for lead contamination and include the containment of lead paint in all housing rehabilitation activities. Lead paint hazard reduction is an eligible rehabilitation activity funded by the Housing Rehabilitation Program.
- ACDS has a certified firm for testing, risk assessment, and clearance. All contractors are lead based paint abatement certified.
- ACDS staff includes information regarding lead paint contamination in all its community outreach efforts.

- The Anne Arundel County Health Department keeps current with changing regulations and keeps updated lists of firms certified in testing and abatement of lead-based paint hazards.

Actions planned to reduce the number of poverty-level families

According to the 2016 American Community Survey, approximately 10.9% of Annapolis' residents live in poverty. Female-headed households with children are particularly affected by poverty at 33.9%. Additionally, 19.4% of city residents under the age of 18 live in poverty.

To address poverty, the city will continue to work with the County to pursue resources and innovative partnerships to support the development of affordable housing, rental assistance, homelessness prevention, emergency food and shelter, health care, children's services, job training and employment development, and transportation. Through the methods described above, the city can positively influence the likelihood of poverty-stricken residents of moving up and out of poverty. Annapolis can reduce the number of residents living in poverty by minimizing threats to individual and family financial stability and by extending services that will provide adequately for those in need. Ultimately, federal and state policies on welfare, health care, and the minimum wage are crucial factors in the fight to address and reduce poverty.

Planned economic development and anti-poverty programs include:

- Blessed in Tech - Counseling
- Center of Help - Referral and Information
- Light House Shelter - Case Management
- OIC - Job Preparation Training
- Restoration Community Development Corporation - Mentoring Project
- Community Action Agency – Counseling
- Organization of Hispanic/Latin Americans of Anne Arundel County (OHLA) – Referral and Information
- Housing Rehabilitation - Owner Occupied Rehabilitation

Actions planned to develop institutional structure

The Department of Planning and Zoning Community Development Division is the lead agency for the City's CDBG Program. The Department receives guidance from the City's Housing and Community Development Committee to administer the CDBG grant. The Department of Planning and Zoning also applies for and administers other funding sources, ensuring efficient integration and administration of all resources. The Department is responsible for the following:

- Program management and oversight
- Inter-Department/Agency Coordination
- Subrecipient contract administration and monitoring
- Program evaluation
- Report preparation and submission
- Public education and participation
- Special project development
- Consolidated Plan preparation, monitoring, and evaluation

- Housing programs
- Community Revitalization Initiatives
- Planning for development, redevelopment, community development and historic preservation
- Administration of the City's zoning ordinance and subdivision regulations including the Moderately Priced Dwelling Units Ordinance
- Manages code enforcement and environmental oversight

Other City agencies that participate with housing, community development, and economic development in Annapolis are:

- Department of Recreation and Parks – The Stanton Community Center is located in the Clay Street neighborhood offers community service programs.
- Housing and Community Development Committee – The Committee oversees all the housing and community development activities in the City. The Committee has seven members, including the members of the Aldermanic Housing and Human Welfare Committee, the Chair of the Housing Authority or his/her designee, and three residents who have a demonstrated interest in advancing housing and community development activities in the City. These members recommend all CDBG projects to the City Council before they are included in the AAP.
- Anne Arundel County – The County provides and shares resources and programs with the City.

Various human services providers, including the Anne Arundel County Continuum of Care, Departments of Social Services, Aging and Disabilities, Health and the Partnership for Children, Youth, and Families, coordinate community development and supportive service programs with the City.

The City will continue to support the coordinated housing and community approach through the following goal and projects:

- Overall Coordination - Provide program management and oversight for the successful administration of Federal, state, and local funded programs, including planning services for special studies, environmental clearance, fair housing, and compliance with all Federal, state, and local laws and regulations.
- Housing Rehabilitation Administration

Actions planned to enhance coordination between public and private housing and social service agencies

The Community Development Department will continue to act as a coordinator between housing and social service activities provided by the City and activities provided by the Housing Authority, the Continuum of Care, private and non-profit housing providers, and social service agencies to address the housing and community development needs of the City. The Department will accomplish this coordination by continuing to attend various public and private housing and social service agencies meetings and conference calls, participating in planning correspondence, and providing technical assistance for funding match options and program compliance.

Discussion:

The City has identified the following projects to address obstacles to meeting underserved needs, foster and maintain affordable housing, evaluate and reduce lead-based paint hazards, reduce the number of poverty-level families, develop institutional structure, and enhance coordination between public and private housing and social service agencies:

Center of Help - Referral and Information
Light House Shelter - Case Management
OIC - Job Preparation Training
OHLA- Referral and Information
Arundel Lodge – Special needs housing
Community Action Agency- Housing Counseling
Restoration Community Development Corporation - Mentoring Project
Housing Rehabilitation - Owner Occupied Rehabilitation
Housing Rehabilitation Administration
Bay Forest Senior Apartment-Rental Rehabilitation
Habitat for Humanity – Rehabilitation/Homeownership

AP-90 Program Specific Requirements – 91.220(I)(1,2,4)

Introduction:

The city of Annapolis receives an annual allocation of CDBG funds. Since the city receives these federal allocations, the questions below have been completed, as they are applicable.

Community Development Block Grant Program (CDBG)

Reference 24 CFR 91.220(I)(1)

Projects planned with all CDBG funds expected to be available during the year are identified in the Projects Table. The following identifies program income that is available for use that is included in projects to be carried out.

1. The total amount of program income that will have been received before the start of the next program year and that has not yet been reprogrammed	\$110,466
2. The amount of proceeds from section 108 loan guarantees that will be used during the year to address the priority needs and specific objectives identified in the grantee's strategic plan.	0
3. The amount of surplus funds from urban renewal settlements	0
4. The amount of any grant funds returned to the line of credit for which the planned use has not been included in a prior statement or plan	52,889
5. The amount of income from float-funded activities	0
Total Program Income:	\$163,355

Other CDBG Requirements

1. The amount of urgent need activities	0
2. The estimated percentage of CDBG funds that will be used for activities that benefit persons of low and moderate-income persons Overall Benefit - A consecutive period of one, two, or three years may be used to determine that a minimum overall benefit of 70% of CDBG funds is used to benefit persons of low and moderate income. Specify the years covered that include this AAP.	100%

Discussion:

Under the FFY 2019 CDBG Program, the City of Annapolis expects to receive \$284,361 in entitlement funding and have available \$163,355 in program income. Of that amount, the City will budget \$59,224 in Public Services (15%) and, \$388,492 for Capital Projects (85%). The percentage of CDBG funds that will be used for activities that benefit low- and moderate-income persons over the next year is 100%.

PUBLIC NOTICE
CITY OF ANNAPOLIS
NOTICE OF HOUSING AND COMMUNITY DEVELOPMENT BLOCK GRANT
PUBLIC HEARING AND COMMENT PERIOD
ACTION PLAN FY 2020

The City of Annapolis is preparing to submit the annual Housing and Community Development Action Plan to the U.S. Department of Housing and Urban Development (HUD). The annual Action Plan outlines the projects and programs the City will support during fiscal year 2020 to further the goals of the Consolidated Plan. Funding of these projects and programs comes from the City's annual entitlement allocation of Community Development Block Grant funds from HUD and CDBG Program Income. The total amount of funds available is \$447,716 which includes the City's FY 2020 CDBG allocation of \$284,361 and \$163,355 in program income.

The annual Action Plan requires citizen participation in developing policies and strategies regarding discrimination in housing, management of subsidized housing, affordable housing opportunities, rehabilitation of existing housing units, services for disadvantaged segments of the population, revitalization of low and moderate-income neighborhoods, and other community development issues. The allocation of funding and resources shown in the FY 2020 Action Plan takes into consideration input provided earlier this year by citizens and community service organizations, primarily at a public hearing conducted by the City's Housing and Community Development Committee on February 13, 2019.

The FY 2020 Action Plan is available for review and comment by the public from April 22, 2019 through May 23, 2019 at the Community Development Office (third floor), Planning and Zoning Department, 145 Gorman Street, Annapolis, MD 21401, the Housing Authority of the City of Annapolis, 1217 Madison Street, Annapolis, MD 21403 and on the City's web site at www.annapolis.gov. Please contact Theresa Wellman, Community Development Administrator at 410-263-7961 ext. 7798, to obtain a copy or to submit comments.

A public hearing to review the draft FY 2020 Action Plan will be held:

Date: Wednesday, May 8, 2019
Time: 7:00 p.m.
Location: City Council Chambers
160 Duke of Gloucester St., Annapolis, MD.

The public hearing is being conducted in a handicapped accessible location. Persons who are unable to attend this hearing are invited to direct questions or comments to Theresa Wellman, 410-263-7961 ext. 7798. Any handicapped person requiring an interpreter for the hearing impaired or the visually impaired should contact Ms. Wellman at least five (5) calendar days prior to the meeting and an interpreter will be provided. In addition, hearing-impaired persons may call Maryland Relay at 711. Any non-English speaking person wishing to attend the public hearing should contact Ms. Wellman at least five (5) calendar days prior to the meeting and a language interpreter will be provided.

CERTIFICATIONS

In accordance with the applicable statutes and the regulations governing the consolidated plan regulations, the jurisdiction certifies that:

Affirmatively Further Fair Housing --The jurisdiction will affirmatively further fair housing.

Uniform Relocation Act and Anti-displacement and Relocation Plan -- It will comply with the acquisition and relocation requirements of the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, as amended, (42 U.S.C. 4601-4655) and implementing regulations at 49 CFR Part 24. It has in effect and is following a residential anti-displacement and relocation assistance plan required under 24 CFR Part 42 in connection with any activity assisted with funding under the Community Development Block Grant or HOME programs.

Anti-Lobbying --To the best of the jurisdiction's knowledge and belief:

1. No Federal appropriated funds have been paid or will be paid, by or on behalf of it, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement;
2. If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, it will complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions; and
3. It will require that the language of paragraph 1 and 2 of this anti-lobbying certification be included in the award documents for all subawards at all tiers (including subcontracts, subgrants, and contracts under grants, loans, and cooperative agreements) and that all subrecipients shall certify and disclose accordingly.

Authority of Jurisdiction --The consolidated plan is authorized under State and local law (as applicable) and the jurisdiction possesses the legal authority to carry out the programs for which it is seeking funding, in accordance with applicable HUD regulations.

Consistency with plan --The housing activities to be undertaken with Community Development Block Grant, HOME, Emergency Solutions Grant, and Housing Opportunities for Persons With AIDS funds are consistent with the strategic plan in the jurisdiction's consolidated plan.

Section 3 -- It will comply with section 3 of the Housing and Urban Development Act of 1968 (12 U.S.C. 1701u) and implementing regulations at 24 CFR Part 135.

Specific Community Development Block Grant Certifications

The Entitlement Community certifies that:

Citizen Participation -- It is in full compliance and following a detailed citizen participation plan that satisfies the requirements of 24 CFR 91.105.

Community Development Plan -- Its consolidated plan identifies community development and housing needs and specifies both short-term and long-term community development objectives that have been developed in accordance with the primary objective of the CDBG program (i.e., the development of viable urban communities, by providing decent housing and expanding economic opportunities, primarily for persons of low and moderate income) and requirements of 24 CFR Parts 91 and 570.

Following a Plan -- It is following a current consolidated plan that has been approved by HUD.

Use of Funds -- It has complied with the following criteria:

1. Maximum Feasible Priority. With respect to activities expected to be assisted with CDBG funds, it has developed its Action Plan so as to give maximum feasible priority to activities which benefit low- and moderate-income families or aid in the prevention or elimination of slums or blight. The Action Plan may also include CDBG-assisted activities which the grantee certifies are designed to meet other community development needs having particular urgency because existing conditions pose a serious and immediate threat to the health or welfare of the community, and other financial resources are not available (see Optional CDBG Certification).

2. Overall Benefit. The aggregate use of CDBG funds, including Section 108 guaranteed loans, during program year(s) _____ [a period specified by the grantee of one, two, or three specific consecutive program years], shall principally benefit persons of low and moderate income in a manner that ensures that at least 70 percent of the amount is expended for activities that benefit such persons during the designated period.

3. Special Assessments. It will not attempt to recover any capital costs of public improvements assisted with CDBG funds, including Section 108 loan guaranteed funds, by assessing any amount against properties owned and occupied by persons of low and moderate income, including any fee charged or assessment made as a condition of obtaining access to such public improvements.

However, if CDBG funds are used to pay the proportion of a fee or assessment that relates to the capital costs of public improvements (assisted in part with CDBG funds) financed from other revenue sources, an assessment or charge may be made against the property with respect to the public improvements financed by a source other than CDBG funds.

In addition, in the case of properties owned and occupied by moderate-income (not low-income) families, an assessment or charge may be made against the property for public improvements financed by a source other than CDBG funds if the jurisdiction certifies that it lacks CDBG funds to cover the assessment.

Excessive Force -- It has adopted and is enforcing:

1. A policy prohibiting the use of excessive force by law enforcement agencies within its jurisdiction against any individuals engaged in non-violent civil rights demonstrations; and
2. A policy of enforcing applicable State and local laws against physically barring entrance to or exit from a facility or location which is the subject of such non-violent civil rights demonstrations within its jurisdiction.

Discharge Policy – The recipient will establish and implement, to the maximum extent practicable and where appropriate, policies and protocols for the discharge of persons from publicly funded institutions or systems of care (such as health care facilities, mental health facilities, foster care or other youth facilities, or correction programs and institutions) in order to prevent this discharge from immediately resulting in homelessness for these persons.
