

Economic Development

Vibrant small business areas serving neighborhoods including local restaurants to reduce the need to travel further away (FDESS)

Accommodate the preservation of traditional industries that contribute to quality of life, character and heritage such as the maritime, tourism/hospitality and retail trade industries (EDSAP)

Encourage growth in businesses that create local jobs and strive to increase the number of higher paying local jobs (EDSAP)

Expand programs for workforce development, education, entrepreneurship and other means of training for local residents in conjunction with in-demand and growing industries (EDSAP)

Support office space expansion such that office employment and services provided by office-based businesses are readily accessible to all residents (ACP)
