

The Small Business Owner's Guide to the CARES Act

The programs and initiatives in the Coronavirus Aid, Relief, and Economic Security (CARES) Act that was just passed by Congress are intended to assist business owners with whatever needs they have right now. When implemented, there will be many new resources available for small businesses, as well as certain non-profits and other employers.

Find the complete [Small Business Owner's Guide to the CARES Act](#) including Frequently Asked Questions related to each resource.

Paycheck Protection Program (PPP) Loans

The program would provide cash-flow assistance through 100 percent federally guaranteed loans to employers who maintain their payroll during this emergency. If employers maintain their payroll, the loans would be forgiven, which would help workers remain employed, as well as help affected small businesses and our economy snap-back quicker after the crisis. PPP has a host of attractive features, such as forgiveness of up to 8 weeks of payroll based on employee retention and salary levels, no SBA fees, and at least six months of deferral with maximum deferrals of up to a year. Small businesses and other eligible entities will be able to apply if they were harmed by COVID-19 between February 15, 2020 and June 30, 2020. This program would be retroactive to February 15, 2020, in order to help bring workers who may have already been laid off back onto payrolls. Loans are available through June 30, 2020.

Small Business Debt Relief Program

This program will provide immediate relief to small businesses with non-disaster SBA loans, in particular 7(a), 504, and microloans. Under it, SBA will cover all loan payments on these SBA loans, including principal, interest, and fees, for six months. This relief will also be available to new borrowers who take out loans within six months of the President signing the bill into law.

Economic Injury Disaster Loans & Emergency Economic Injury Grants

These grants provide an emergency advance of up to \$10,000 to small businesses and private non-profits harmed by COVID-19 within three days of applying for an SBA Economic Injury Disaster Loan (EIDL). To access the advance, you first apply for an EIDL and then request the advance. The advance does not need to be repaid under any circumstance, and may be used to keep employees on payroll, to pay for sick leave, meet increased production costs due to supply chain disruptions, or pay business obligations, including debts, rent and mortgage payments.

Counseling & Training

If you, like many small business owners, need a business counselor to help guide you through this uncertain time, you can turn to your local Small Business Development Center (SBDC), Women's Business Center (WBC), or SCORE mentorship chapter. These resource partners, and the associations that represent them, will receive additional funds to expand their reach and better support small business owners with counseling and up-to-date information regarding COVID-19. There will soon be a joint platform that consolidates information and resources related to COVID-19 in order to provide

consistent, timely information to small businesses. To find a local resource partner, visit <https://www.sba.gov/local-assistance/find/>. In addition, the Minority Business Development Agency's Business Centers (MBDCs), which cater to minority business enterprises of all sizes, will also receive funding to hire staff and provide programming to help their clients respond to COVID-19. Not every state has a MBDC. To find out if there is one that services your area, visit this site.

Contracting

If you are a government contractor, there are a number of ways that Congress has provided relief and protection for your business. Agencies will be able to modify terms and conditions of a contract and to reimburse contractors at a billing rate of up to 40 hours per week of any paid leave, including sick leave. The contractors eligible are those whose employees or subcontractors cannot perform work on site and cannot telework due to federal facilities closing because of COVID-19. If you need additional assistance, please reach out to your local Small Business Development Center, Women's Business Center, SCORE chapter, or SBA District Office. You should also work with your agency's contracting officer, as well as the agency's Office of Small and Disadvantaged Business Utilization (OSDBU).

Employee Retention Credit for Employers Subject to Closure or Experiencing Economic Hardship

This provision would provide a refundable payroll tax credit for 50 percent of wages paid by eligible employers to certain employees during the COVID-19 crisis. The credit is available to employers, including non-profits, whose operations have been fully or partially suspended as a result of a government order limiting commerce, travel or group meetings. The credit is also provided to employers who have experienced a greater than 50 percent reduction in quarterly receipts, measured on a year-over-year basis. Wages of employees who are furloughed or face reduced hours as a result of their employer's closure or economic hardship are eligible for the credit. For employers with 100 or fewer full-time employees, all employee wages are eligible, regardless of whether an employee is furloughed. The credit is provided for wages and compensation, including health benefits, and is provided for the first \$10,000 in wages and compensation paid by the employer to an eligible employee. Wages do not include those taken into account for purposes of the payroll credits for required paid sick leave or required paid family leave, nor for wages taken into account for the employer credit for paid family and medical leave (IRC sec. 45S).

Delay of Payment of Employer Payroll Taxes

This provision would allow taxpayers to defer paying the employer portion of certain payroll taxes through the end of 2020, with all 2020 deferred amounts due in two equal installments, one at the end of 2021, the other at the end of 2022. Payroll taxes that can be deferred include the employer portion of FICA taxes, the employer and employee representative portion of Railroad Retirement taxes (that are attributable to the employer FICA rate), and half of SECA tax liability.

To keep up to date on when these programs become available, please stay in contact with your local Small Business Administration (SBA) District Office:
