What is GreenScape?

GreenScape is a City of Annapolis and community partnership investment of beautification, clean-up, and planting in public spaces throughout the City. For three decades, hundreds of projects have been initiated and adopted by individuals, community groups, and neighborhood associations.

When is GreenScape?

GreenScape planting occurs annually in April. The projects are year-round commitments for care, watering, and weeding. This year's planting will take place on Saturday, April 23, 2022.

How do I get involved?

1.) Attend the first organizational meeting. The meeting will assist you with ideas and lead you to other community resources. 2.) Select a neighborhood or community project site. The site must be located on public property in the City. Projects can include creating a new garden area or sprucing up an old one, litter and trash pick-up, or planting trees. If you're unable to find a project site, the City will be able to recommend areas. 3.) Complete and turn in material order form on or before Wednesday, March 9. 4.) Recruit volunteers to assist with material pick-up, site preparation, planting, year-round watering and weeding. 5.) Enjoy the benefits of working together to create a more beautiful community!
