NOTICE OF COMMUNITY MEETING BULKHEAD REPLACEMENT PROJECT AT CHESTON AVE

A community meeting has been scheduled to discuss and review the conceptual design of the Bulkhead Replacement Project at the end of Cheston Avenue, Annapolis (please see below map of the project location). The purpose of this meeting is to provide information regarding the project and to respond to questions and comments.

The proposed project is to replace the existing dilapidated bulkhead, maintain the existing submerged gravel wetland, provide ADA accessible sidewalk to the bulkhead, a gangway, and a floating dock. We are planning to complete the design and permitting process by early 2022 with an anticipated beginning of construction by the summer of 2022.

This virtual meeting will be held on Zoom on March 31 at 6 pm. If you wish to participate in the meeting, please register by sending your name, phone number and email address to coatv@annapolis.gov and you will be sent the meeting login information. Registration is required by noon on March 31, 2021.

This meeting will be live streamed to the City of Annapolis Facebook page. Questions may be submitted on Facebook during the live stream.

Additional comments and questions should be emailed to Betsey McKeown at efmckeown@annapolis.gov by April 14, 2021.
