Candidate Biography

I grew up in Connecticut but have called Maryland 'home' since graduating from the University of Maryland in 1988 and earning my Master's degree in 1995. For more than thirty years, I have worked in Sales and Marketing positions in addition to volunteering as a literacy tutor for an English as a second language student, and teaching first grade religion in Cape St. Claire.

Since moving to the city of Annapolis six years ago with my husband Robert, I have been focused locally by serving as Secretary of the Truxton Heights Residents' Association, supporting Maryland Hall, volunteering as a water quality tester, and fostering oyster spat.

When not working at my full-time job, I can be found in my garden pulling weeds, or if I'm lucky, paddling on the water.
