Field Use Agreement

We do not double line fields for out-of-season sports at Germantown or Bates Athletic. It is best to look at your group sizes for field availability when applying for your permit next year.

Also, many groups have taken field space and it has not been utilized. This will start impacting field allocations for the future. There are far too many groups that need space.

The City of Annapolis Recreation and Parks Department does not provide goals. Therefore, any goals used for athletics must be removed from the fields after each practice and game and stored securely off of the fields.

You must adhere to times and days of your field request.

You must adhere to all rules and regulations set forth by the Annapolis Recreation and Parks Department.

The contract holder is responsible for making sure all participants and users of said group are aware of all policies and field use rules. This also includes, but is not relegated to field cancellation policies, parking, good sportsmanship, etc.

By signing this document the main group contact agrees to the aforementioned rules and regulations set forth by the City of Annapolis Recreation and Parks Department. The organization's representative agrees to be the sole liaison with the Department with any concerns or questions.
