TO: All Personnel

SUBJECT: Social Media Policy

PURPOSE

Social media provides a new and potentially valuable means of assisting the Department and its personnel in meeting community outreach, problem-solving, investigative, crime prevention, and related objectives. This policy identifies potential uses that may be explored or expanded upon as deemed reasonable by administrative and supervisory personnel. The Department also recognizes the role that these tools play in the personal lives of some department personnel. The personal use of social media can have bearing on departmental personnel in their official capacity. As such, this policy provides information of a precautionary nature as well as prohibitions on the use of social media by department personnel.

POLICY

The Department endorses the secure use of social media to enhance communication, collaboration, and information exchange; streamline processes; and foster productivity. This policy establishes this department’s position on the utility and management of social media and provides guidance on its management, administration, and oversight. This policy is not meant to address one particular form of social media; rather social media in general, as advances in technology will occur and new tools will emerge.

2. As public employees, department personnel are cautioned that speech on- or off-duty, made pursuant to their official duties is not protected under the First Amendment and may form the basis for discipline if deemed detrimental to the Department. Department personnel should assume that their speech and related activity on social media sites will reflect upon their office and the Department.

3. Department personnel shall not post, transmit, or otherwise disseminate any information to which they have access as a result of their employment without written permission from the Chief or his or her designee. This includes open or closed cases or matters relating to criminal investigations.
